

## 2024 Carbon Offsets Report

(for the purposes of the California Voluntary Carbon Market Disclosures Statute)

**HALÉON**

No.	Project ID	Project Name	Project Protocol	Project Type	Project Site	Business entity selling the credits	Offset Registry	Units Purchased (tCO <sub>2</sub> e)	Haleon carbon claims supported by the offsets	Offsetting Period	Project Link	Third-Party Verification
1	2745	Wuwei City afforestation Project in Gansu Province	AR-ACM0003, Afforestation and reforestation of lands except wetlands	Carbon Removal	Gansu Province, China	Climate Bridge (Shanghai) Ltd	Verified Carbon Standard (VCS) + Climate, Community & Biodiversity Standards (CCB)	436.00	2024 net scope 1 and 2 carbon emissions reduction versus 2020	Dec 2023 - Nov 2024	<a href="#">Verra Registry</a>	Independent third-party verification will be provided after the carbon inventory and verification next year.
2	2391	Gansu Tianshui Afforestation project	AR-ACM0003, Afforestation and reforestation of lands except wetlands	Carbon Removal	Gansu Province, China	Climate Bridge (Shanghai) Ltd	Verified Carbon Standard (VCS) + Climate, Community & Biodiversity Standards (CCB)	144.00	2024 net scope 1 and 2 carbon emissions reduction versus 2020	Dec 2023 - Nov 2024	<a href="#">Verra Registry</a>	Independent third-party verification will be provided after the carbon inventory and verification next year.
3	2516	Lianyuan LFG Power generation project	AMS-III.G, Landfill methane recovery (Version 10.0) and AMS-I.D, Grid-connected renewable electricity generation	Carbon Avoidance	Hunan Province, China	Climate Bridge (Shanghai) Ltd	Verified Carbon Standard (VCS)	5,738.13	2024 net scope 1 and 2 carbon emissions reduction versus 2020	Dec 2023 - Nov 2024	<a href="#">Verra Registry</a>	Independent third-party verification will be provided after the carbon inventory and verification next year.
4	2451	Shanxi Loufan afforestation project	AR-ACM0003, Afforestation and reforestation of lands except wetlands	Carbon Removal	Shanxi Province, China	Climate Bridge (Shanghai) Ltd	Verified Carbon Standard (VCS) + Climate, Community & Biodiversity Standards (CCB)	175.00	2024 net scope 1 and 2 carbon emissions reduction versus 2020	Dec 2023 - Nov 2024	<a href="#">Verra Registry</a>	Independent third-party verification will be provided after the carbon inventory and verification next year.
5	2516	Lianyuan LFG Power generation project	AMS-III.G, Landfill methane recovery (Version 10.0) and AMS-I.D, Grid-connected renewable electricity generation	Carbon Avoidance	Hunan Province, China	Climate Bridge (Shanghai) Ltd	Verified Carbon Standard (VCS)	3,325.00	2024 net scope 1 and 2 carbon emissions reduction versus 2020	Dec 2023 - Nov 2024	<a href="#">Verra Registry</a>	Independent third-party verification will be provided after the carbon inventory and verification next year.
6	1829	Carbon Capture Forestry Project in San Jerónimo Coatlán Community	Climate Action Reserve (CAR) Mexico Forest Protocol	Carbon Removal	Municipio de San Jerónimo Coatlán, Oaxaca, México	San Jerónimo Coatlán Community	Verified Carbon Standard (VCS)	16,930.00	2024 net scope 1 and 2 carbon emissions reduction versus 2020	Dec 2023 - Nov 2024	<a href="#">CAR Mexico</a>	The reductions /absorptions for the project have been verified without qualifications according to the Mexico Forest Protocol (Version 3.0) by SCS Global.
