## Political advocacy spend in 2023

### Our trade and business association spend in 2023

As a consumer health company developing and manufacturing health products, legislation and regulatory initiatives can have a profound effect on our business and on our ability to bring new products to consumers around the world.

To ensure that our voice is one of those contributing to and shaping public policy, we are members of trade and business associations around the world. We also work with think tanks, policy institutes and others who shape public policy.

## Political advocacy spend in 2023

---

### US lobbying spend

In line with the Lobbying Disclosure Act, we publish details of our expenditure on lobbying activities via the [US Federal lobbying register](#) and relevant State lobbying registers. In 2023 in the US, Haleon spent \$650,000 on lobbying activities at the Federal and State level.

### US Political Action Committee (PAC)

In accordance with the Federal Election Campaign Act, Haleon employees are able to make personal contributions to our US Political Action Committee (PAC). A PAC is a corporate or labour-based political committee that collects voluntary contributions from eligible US employees into a separate fund. The PAC is not controlled by Haleon. Disclosure reports for the Haleon PAC can be viewed on the [Federal Election Commission](#) website.

### Political donations

Haleon does not make political contributions or sponsor political meetings, conferences, conventions, or events, as set out in our [Anti-Bribery and Corruption Policy](#). In the year to 31 December 2023, the Group did not make any political contributions or provide any sponsorship.

For more information on our approach to political advocacy, please see our [position on political advocacy](#).
